

HBS AFTER 40 YEARS

The HBS Newsletter has returned. We plan to publish the Newsletter two times per year – Summer/Fall and Winter/Spring – as a means of keeping students,

FINDING KENTUCKY BIOLOGICAL STATIONS The first annual meeting of Kentucky Field Sites and Stations was held February 10-11, 2012, at Eastern Kentucky University's

NEW SCANNING ELECTRON MICROSCOPE

With funding from Dr. Jesse D. Jones, the College of Science, Engineering, and Technology, the HBS Foundation account, and several campus departments, a new JEOL scanning electron microscope (SEM) is now available for research and teaching at the Station. The new SEM replaces our ancient JEO that
